RE: Recommendation of Quality Relocations

To: Whom it may concern

It is with much enthusiasm that I am writing to recommend the services of the Quality Relocations.

We used them during December 2021, to relocate our office contents and we have been completely satisfied with their service. They were extremely punctual, efficient and the most affordable.

The relocation included breaking down certain furniture items, reassembling, carrying of heavy items up 3 flights of stairs due to an elevator that was too small and transporting the excess contents to various office sites. All of which was done without any damage to our property or furniture.

I'm happy to recommend the services of Quality Relocations. If you have any questions, please feel free to contact me.

Sincerely,

Estelle Dell
Provincial Corporate Services Manager
